Puzzle jigsaw puzzle my home design - Modern City - an atmospheric match 3 puzzle game that unfolds on the design art ladder and interior features. The game is completely dedicated to renovation – you have to stick wallpaper, arrange furniture, choose cupboards and floor lamps. And every time the design will be the result of completed puzzles! Events at My Home Design - Modern City are developed at the scale of an argument, divided into primary and secondary objectives. But, despite individual competitions, the leaderboard is still provided - the results of completed tasks, points scored and overall status are shown there. And, therefore, you will have to try twice as hard! Everyone has a home to go back to, rest, and to build the things they like the most. If you live in a modern city, where people lead a very fast life, dynamism is valued; How would you design your home? My Home Design - Modern City will give players the most satisfactory answer. It also fits that purpose by creating your background in New York City. You will get an overview of the agility of New Yorkers as well as how they work and build houses. Accompanying Star interior designer Chloe Williams and her business partner Chloe Williams During their work trip, the players will be joined by New York City's most famous interior designers. Supported by 2 experts Chloe Williams and Chloe Williams, players will have the best experience for this game. By participating in the My Home Design – Modern City trip, these experts will guide you from the first step to the last. However, these instructions are simply suggestions. You can do everything you want to produce a product with and comply with customer requirements. Truly My Home Design - Modern City art designed by famous game team artists. If you realize, CookApps has a long history of posting home design games like this. This is just small part of modern human life in big cities. Because the theme is predetermined, everything in this game will give players the feeling that they are really in the modern city. The life you build for the people of this city must be comfortable and modern. The equipment that can be used to decorate the house must always have its robustness and ease of use. There are these furniture designs that are also based on the latest designs that people use in real life. The color of the game also has a minimalist element to provide comfort, comfort and dynamism. It usually depends on the player's art style. But almost everything in this game gives that kind of feeling. Simple and classic gameplay, family mechanics Match-3 For home design and life simulation games like this, manufacturers often don't include too complicated mechanics. In this game, players will be involved in challenges in the form of match-3. This means that two interior design experts will bring you attractive deals. They will be displayed in the form of tasks given periodically in the notification box. These tasks are quite varied and varied. You want to finish any of them first because they all bring rewards to the player. When you accept the challenge, it will take you to a board of different symbols so you can organize them and collect the necessary items. If you've ever played Candy Crush, it definitely won't feel weird with this match-3 mechanism. However, the rules will have customizations that match the game theme. You have to participate in the game to feel its uniqueness. You are ready to download My Home Design - Modern City for free. Here are some notes: Please see our installation guide. To check the CPU and GPU of your Android device, use the CPU-Z FOLLOW US My Home Design - Modern City app - an exciting and very nice puzzle game in which players will join some professionals. She develops the design, makes repairs. Well, the players will help both. There is a lot of work and there is a lot of work to be done so that customers and customers are more than satisfied with the result. The mechanics three in a row and the other facets of the combination of the same elements, the wide variety of furniture, interior touches, decorative elements and much more, freedom of choice and other factors will not leave any fan of the indifferent type. Overview/Editor: CookApps/Category: Puzzle/Version: 4.3.0/Size: 55MB/Mod Features: Unlimited Money/Get it on Google Play/Rating: Introducing My Home Design – Modern City/My Home Design – Modern City is an interior design game for those passionate about design. Launched and developed by a Korean application development team called CookApps. This is a game that combines two elements: design and a puzzle game. The player has to do is design his own apartment through some suggestions. However, during the construction process, financial shortages forced players to earn additional income to pay. Gameplay/Designer Chloe and construction worker Liam are the ones who showed up to receive this project. Enter Will and Bella's house full of smell and mold. The first job the builder has to do is clean this messy room. Players will be given 1000 gold for initialization. However, during the construction process, Will and Bella ran into a problem that was budget shortfall. This young couple has done their best to earn money for design. By playing the classic puzzle game, he and his wife have earned a decent sum of money. Enough to remodel the room they just rented. Design a modern room with My Home Design/ The designer Chloe always offers them some design suggestions. The choice is for you. Based on the tastes of player, please give Will and his wife a great design. There are three rooms for players to create and design. The first is the living room, choosing a new and youthful design. Choose a sofa with polite grey tones. A modern-style tea table. Along with this standing mat with brocade motifs ... There are some new designs for the house waiting for your hands on. Next to the kitchen. Players must choose the most advanced and modern items for the kitchen. A large fridge and an oven. Also, don't forget to add a cup holder. To make the kitchen cozier, you need a gas stove with a luxurious design. After completing the installation process, you will be rewarded with a large sum of money. The last is the bedroom. Choose a cozy design for the room. The main color is yellow with dark devices. A cozy room will be created with a dark curtain, preventing light from entering the room. Luxury graphic design/Graphics of game My Home Design – Modern City is designed in beautiful 3D. Recreate in detail a room with all the comforts. This modern apartment is located in New York City. If you are a designer, then you will love this game well the first steps. Suggested items will accidentally make you a true designer.
